Dear Sponsor,

Thank you for all the blessings that you gave to me. I'm happy
at my school and to the center and I have lots of friends. Science

Dear Sponsor,

Shana is very quite girl in their school. She just sit in
the corner & listen to her teacher. But she's always got
a high score in their school. She loves to play barbie.
She loves her parents. Her health decreased for 1/2 kilos,
cause she got sick. She helps her mother cleaning their
house. Pray for this child, that she will finish her
studies. By the way, thank you so much for all
the blessings that you have shared with us.
